

WBCL Seed Exchange Seed Donation Form

Guidelines for Donated Seeds:

- Make sure seeds are dry before donating.
- Save seeds only from healthy, strong plants.
- Avoid saving seeds from hybridized plants, as the offspring may not grow as the parent plant did.
- When possible, include seeds from multiple plants of the same type to promote genetic diversity.
- Provide as much information as possible about your seeds to help other gardeners make informed selections.

**Required Information:

Date: _____ Your name: _____

Common Name:	
Scientific Name (if known)	
Harvested by:	
Location & Date of Harvest:	

Additional Information: *Please include as much information as you can about these seeds*

Heirloom Open-pollinated Organic Native to Central Texas
